SUMMARY

Data and analytics enthusiast with a solid foundation in Excel and working knowledge of SQL and Power BI. Hands-on experience through projects in data analysis, dashboard creation, and structured reporting. Keen to apply analytical thinking and learn quickly in a professional environment.

CORE SKILLS

- **Excel:** MS Excel, data cleaning, mapping, Pivot Tables, XLOOKUP, validation
- **SQL:** Data extraction, JOINS, GROUP BY, data processing
- **Power BI:** Data modeling, relationships, KPI dashboards
- **Data Integrity & Quality Control**
- **Process Adherence & Workflow Discipline**
- **Clear Communication & Team Collaboration**

EXPERIENCE

Self-Directed | May 2025 – Present

- Monitored real-time operational trends in Excel, proactively identifying anomalies through rigorous validation and quality checks.
- Designed concise dashboards and reports that improved visibility into workload, compliance, and performance patterns.
- Executed structured workflows with disciplined documentation and systematic escalation of issues.

PROJECT EXPERIENCE

- [Inventory-Risk-Analysis](#)

Cleaned and standardized inventory and supplier data in Excel, built validation checks and stock-risk summaries, and delivered a dashboard to support accurate operational decision-making.

- [Pizza-sales-analysis](#)

Analyzed pizza sales data using Excel, cleaned and structured raw data, identified revenue patterns and peak performance metrics, and built business-ready dashboards.

- [Road-Accident-Risk-Analysis-Dashboard](#)

Processed and cleaned accident data, built risk-factor visualizations and trend dashboards in Excel, and standardized datasets for accurate stakeholder reports.

- [SQL-Book-Sales-analysis](#)

Used SQL to extract, join, and analyze book sales data, validated consistency across tables, and generated reliable sales summaries for business analysis.

CERTIFICATIONS

- [Deloitte Australia – Data Analytics Job Simulation \(Forage\)](#)
- [Microsoft Excel – Beginner to Advanced \(Udemy\)](#)

EDUCATION

- Bachelor of Science (BSc) – Chemistry
Maharaja Sayajirao University of Baroda
